Summary

A highly motivated and detail-oriented MCA student with a strong foundation in programming, data structures, database management, and software development. Proficient in javascript and actively building hands-on experience through academic projects. Passionate about creating efficient and scalable solutions. Eager to contribute to a forward-thinking organization while continuing to learn and grow as a future IT professional.

Education

Adi Shankara Institute of Engineering and Technology, Kalady	
Master of Computer Applications CGPA : 8.25	08/2024 – Present
Sree Sankara College, Kalady	
Bachelor's degree, Chemistry	06/2020 - 04/2023
S.N.D.P HSS Neeleeswaram	
Board of Higher Secondary Examinations	2019
S.N.D.P HSS Neeleeswaram	
Board of Public Examinations	2017

Project

Educhain - Decentralized Certificate Verification

A full-stack blockchain application for issuing and verifying academic certificates. Developed a React-based frontend for certificate management, a Node.js backend for handling data and uploads to IPFS, and a Solidity smart contract for on-chain verification.

Zesty – Smart Canteen Management System

Developed the staff-side web portal using **React** and **Firebase**, enabling order management, inventory tracking, and payment processing. Collaborated with teammates building the Flutter customer app, ensuring seamless interaction between staff and customers for a fully automated smart canteen system.

Certifications

Full Stack Development with Python Django	ICT kerala
React	Meta
Cloud Computing	NPTEL

Hard Skills

Python	Java	JavaScript	DBMS	React
